#### ARTICLE 11. INSURANCE AND INDEMNIFICATION:

11.1 Contractor's Liability Insurance. The Contractor shall secure, pay for and maintain such insurance as will protect it and Southern Illinois University ("Owner") from claims under the Worker's Compensation Act, the Worker's Occupational Diseases Act, and from any other claims for damages to property or for bodily injury or death which may arise from operations under this contract, whether such operations are performed by the Contractor, its Subcontractors, and their sub-Subcontractors or by anyone directly or indirectly employed by them.

A. Coverages and Limits. The coverages and limits of liability shall not be less than those set forth as below. Evidence of an umbrella or excess liability policy may be provided to obtain the required limits.

Coverage	Minimum Limits of Liability
1. Worker's Compensation and Occupational Diseases	Statutory Limits
2. Employer's Liability	\$500,000 (Coverage B)

a. Worker's Compensation coverage shall be provided in accordance with the provisions of the Illinois Worker's Compensation and Occupational Diseases Acts, as amended. b. The Contractor, its Subcontractors, and their sub-Subcontractors may use a self-insured plan for worker's compensation if the plan is approved by the State of Illinois by obtaining a certificate from the Illinois Workers' Compensation Commission.

c. The worker's compensation insurance carrier or self-insurance service agency where applicable shall certify that to the best of its knowledge, the Contractor has properly reported wage and workforce data and made premium payments in compliance with Illinois rates and worker classifications.

3. Commercial Auto Liability (Including coverage for owned, non-owned and hired vehicles)

Combined Single Limit	\$1,000,000 per occurrence
-----------------------	----------------------------

OR

Bodily Injury	\$1,000,000 per occurrence

Occurrence Limit	\$1,000,000
Personal and Advertising Injury Limit	\$1,000,000
Fire Legal Liability Limit	\$ 100,000

The general liability or any umbrella or excess insurance shall include, without limitation, the following coverages:

a. The Owner shall be named as additional insured(s) on a primary and non-contributory basis on the commercial general liability and/or umbrella or excess insurance policies. In order to meet this requirement, the following wording should appear on any Certificate(s) of Insurance provided: "The Board of Trustees of Southern Illinois University is an additional insured as respects liability coverage for any liability incurred by the University arising from the activities of the Contractor, its Subcontractors, and their sub-Subcontractors, performing work on behalf of the Contractor."

b. Contractual liability coverage shall cover all contractual obligations which the Contractor has assumed, including the indemnity agreement in Article 11, for the liability limits set forth above. An Owner/Contractor's protective liability policy may be provided in lieu of a commercial general liability policy for the liability limits set forth above.

c. Coverage for "XCU" (explosion, collapse and underground) hazards shall be included for the liability limits set forth above for any Contractor, its Subcontractor, and their sub-Subcontractor, performing work on behalf of the Contractor, who will be doing any excavation work.

d. Coverage shall be endorsed to provide that the general aggregate limits apply separately to each of the insured Contractor's projects. The general liability aggregate limits may change if coverage is not endorsed to apply separate aggregate limits to each of the insured Contractor's projects.

e. Coverage for completed operations shall remain in effect or renewed throughout the completed operations period, which is the statute of limitations or repose, whichever is greater.

f. Any contractual exclusion relating to personal/advertising injury must be deleted or the coverage added back to the policy through endorsement. The Policy shall include coverage for broad form property damage.

8. Property Damage Liability shall be purchased and maintained for any demolition, blasting, excavating, tunneling, shoring, or similar operations, at limits equal to the required Commercial General Liability limits specified in Section 11.1.A.4.

9. Owner reserves the right to require additional specialty insurance coverages or to limit exclusions at any time during the Project.

## 11.2 Builder's Risk Insurance – Not Required.

## 11.3 Insurance Policy Requirements

11.3.1 Evidence of Insurance. The Contractor shall furnish Certificate(s) of Insurance evidencing the required coverage to be in force on the date of this Contract, and any renewal Certificate(s) of Insurance if coverage has an expiration or renewal date occurring during the term of this Contract to the Owner showing the type, amount, class of operations covered, effective dates and dates of expiration of policies. The Contractor shall deliver copies of newly issued or renewal insurance policies to the Owner within ten (10) days following the Owner's request for such copies. The Contractor shall maintain insurance in the required amounts, without interruption, from the date of execution of the Contract until substantial completion of the project.

The receipt of any certificate does not constitute by the Owner that insurance requirements have been met. Failure to request new or renewal certificate(s) shall not relieve the Contractor of its contractual obligation to provide the insurance coverages set forth in paragraphs 11.1 and 11.2 above and shall not be deemed a waiver by the Owner.

Failure to maintain the required insurance during the time specified may be regarded as a breach of contract and shall be cause for termination.

11.3.2 Subcontractor Insurance. Subcontractors and their sub-Subcontractors must comply with the same insurance coverage requirements as the Contractor. Subcontractors and their sub-Subcontractors shall submit the required Certificate(s) of Insurance to the Contractor.

11.3.3 Modification or Cancellation. Each policy and respective certificate of insurance shall expressly provide that no less than thirty (30) days prior written notice, delivered by certified or registered mail, be given to the Owner in the event of cancellation, non-renewal, expiration, or material alteration of the coverage contained in the policy or evidenced by the certificate of insurance.

11.3.4 Carrier's Ratings. The insurance shall be executed by insurance companies approved by the Owner and having a rating not lower than B+ and financial rating not lower than VI in the current edition of Best's Key Rating Guide for property/casualty insurance companies.

11.3.5 Claims Made Insurance. If any policies providing coverage as required under paragraphs 11.1 or 11.2 are written on a claims-made basis and that policy is replaced or renewed, any retroactive date must coincide with, or precede commencement of services by the Contractor, its Subcontractors, and their sub-Subcontractors on the Project. A claims-made policy that is replaced or not renewed must have an extended reporting period of not less than two (2) years.

11.3.6 Notification of Insurance Carriers. The Contractor shall be responsible for making the above stated liability provisions available to all of its liability insurance carriers and for procuring insurance coverage for this contract on a timely basis. The Contractor shall not commence work under this contract until it has obtained all the insurance required under this article and until certificates of such insurance have been approved by the Owner. The Contractor shall not allow any of its Subcontractors or their sub-Subcontractors to commence any work on this project until the insurance required of its Subcontractors or their sub-Subcontractors has been so obtained. In the event of any incident, injury, death, or loss or damage (or claims thereof), the Contractor shall give immediate notice thereof to the Owner and their insurance carrier(s).

11.3.7 Contractor's Liability. The procuring of the insurance required under this contract shall be considered solely as securing Contractor's obligations or liabilities assumed under the contract documents, including, but not limited to, the obligation to indemnify the Owner assumed under Article 11 and shall not be considered as satisfaction of, or a substitution for, such obligations and liabilities. The Contractor shall remain liable and responsible for all such obligations whether or not the insurance provided by it is approved by the Owner and whether or not such insurance is sufficient in amount, quality or coverage to protect it against such liability. The Contractor shall pay and make good all such obligations to the full extent thereof and to the extent that such insurance does not cover them.

11.3.8 Enforcement of this Contract. In the event Owner retains legal counsel to secure performance by Contractor, its Subcontractors, and their sub-Subcontractors, of any of their obligations under this contract, or if Owner retains or utilizes such counsel to represent its interest with respect to any matter for which Contractor has an indemnity obligation to Owner under any provision of this contract or otherwise, the Contractor shall pay and reimburse Owner for the cost of such counsel and shall further pay and reimburse Owner for any and all other cost and expense incurred in preparing, negotiating, or prosecuting any claim against the Contractor, its Subcontractors, and their sub-Subcontractors including, but not limited to, any and all expert witness fees and expenses.

11.3.9 Waiver of Subrogation Clause. The Contractor's insurance policies shall include the following waiver of subrogation clause:

"It is agreed that in no event shall any insurance company of the Contractor have any right of recovery against the Owner for any and all damage or loss unless such damage or loss results from the sole gross negligence or willful misconduct of the Owner."

#### 11.4 Waivers of Subrogation

The Owner and Contractor waive all rights against each other for damages caused by fire or other perils to the extent of actual recovery of any insurance proceeds under any property insurance obtained pursuant to Article 11 or other insurance applicable to the work. The Contractor agrees that in no event shall they or their agents have any right of recovery against the Owner for any and all damage or loss unless such damage or loss results from the sole gross negligence or willful misconduct of the Owner.

Each insured Contractor shall require similar waivers of subrogation from its Subcontractors and their sub-Subcontractors.

#### INDEMNIFICATION

Indemnification: The Contractor agrees to pay and reimburse and indemnify, keep and hold harmless Southern Illinois University (and the Architect/Engineer/Professional Services Consultant, if applicable), their trustees, officials, agents, employees and their respective heirs, executors, administrators, officers, directors, successors and assigns from and against any and all losses, demands, obligations, costs, damages, liabilities, suits, actions, judgments, claims (including, but not limited to, claims for the infringement of any patents, copyrights, licenses or other intellectual property rights) and expenses, including, but not limited to, attorneys', consultants', and experts' fees and expenses, and including both litigation and pre-litigation expenses, arising out of or connected with: (a) any injury to or death of persons or damage to or loss or destruction of property caused by or attributable to negligent or willful acts or errors or omissions, in whole or part, of the Contractor, its Subcontractors, and their sub-Subcontractors and their respective officers, agents, representatives, or employees; (b) any act, error, or omission arising from the gross professional negligence of the Contractor, its Subcontractors, and their sub-Subcontractors and their respective officers, agents, representatives, or employees relating to the performance of services in connection with the Project; (c) any breach or failure of performance by the Contractor, its Subcontractors, and their sub-Subcontractors and their respective officers, agents, representatives, or employees under this Agreement. The provisions of this paragraph are applicable to the full extent allowed by the laws of the State of Illinois and not beyond any extent which would render them void or unenforceable. In the event of any such injury, death, or loss or damage (or claims thereof), the Contractor shall give immediate notice thereof to the Owner.

Insurance Certification: The Contractor agrees to maintain the insurance coverages required of them under Article 11 for the duration of the project or the term for which services will be rendered, and for as long as necessary thereafter to cover claims with respect to their performance under this Agreement. The Contractor agrees to require its Subcontractors and their sub-Subcontractors to maintain the insurance coverages required of them under Article 11 for the duration of the project or the term for which services will be rendered, and for as long as necessary thereafter to cover claims with respect to its performance under this agreement.

### 12.2 Correction of Work

*Add* new Subparagraph 12.2.6:

12.2.6 All Contractors, Subcontractors, and Sub-subcontractors shall execute and deliver to the Owner the following Warranty Acknowledgment before a Certificate of Final Completion is issued.

### WARRANTY ACKNOWLEDGMENT

(Name of Contractor, Subcontractor or Sub-subcontractor) ("Contractor") hereby agrees and warrants that all of its Work complies with the requirements of the Contract Documents. If, within one year after the date of Substantial Completion of the Work or

designated portion thereof, any of the Contractor's Work is found to be not in accordance with the requirements of the Contract Documents, it shall correct the Work promptly after receipt of written notice from the Owner to do so unless the Owner has previously given it a written acceptance of such condition. This period of one year shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual performance of Contractor's Work. This obligation shall survive acceptance of the Work under the Contract and termination of the Contractor.

This Warranty shall be in addition to the terms of any other Warranty or longer period of obligation specified in the Contract Documents, any applicable special warranty required by the Contract Documents, or the terms of any general warranty and is not in lieu of any of them. This warranty shall not be construed to establish a period of limitation with respect to other obligations which the Contractor, Subcontractor or Sub-subcontractor might have under the Contract Documents and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced or any proceeding commenced.

When the initial tests indicate non-compliance with the Contract Documents any subsequent retesting occasioned by non-compliance with the Contract Documents shall be performed by the same agency and the cost thereof borne by the Contractor. # **PROJECT LABOR AGREEMENT**

As adopted on November 10, 2004 by the  
Southwestern Illinois Building & Construction Trades Council Board of Business Agents

This Agreement is entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2013 by and between \_\_\_\_\_ and the Southwestern Illinois Building Trades Council (SIBTC) for and on behalf of its affiliates which sign a "Union Letter of Assent" (Signatory Union Affiliates) for this Project Labor Agreement, hereinafter referred to as the "Union." This Agreement shall apply to work performed by the Employer and its Contractors and Subcontractors on Construction known as renovation of existing Athletic office space in the Vadalabene Center located on the Edwardsville campus of SIUe.

## **ARTICLE I - INTENT AND PURPOSES**

1.1 This Project Agreement shall apply and is limited to the recognized and accepted historical definition of new construction work under the direction of and performed by the Contractor(s), of whatever tier, which may include the Project Contractor, who have contracts awarded for such work on the Project. Such work shall include site preparation work and dedicated off-site work.

The Project is defined as: Renovation of existing Athletic office space in the Vadalabene Center located on the Edwardsville campus of SIUe.

1.2 It is agreed that the Project Contractor shall require all Contractors of whatever tier who have been awarded contracts for work covered by this Agreement, to accept and be bound by the terms and conditions of this Project Agreement by executing the Letter of Assent (Attachment A) prior to commencing work. The Project Contractor shall assure compliance with this Agreement by the Contractors. It is further agreed that the terms and conditions of this Project Agreement shall supersede and override terms and conditions of any and all other national, area, or local collective bargaining agreements, (including all vertical agreements), except for all work performed under the NTL Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, and the National Agreement of the International Union of Elevator Constructors.

1.3 The Contractor agrees to be bound by the terms of the Collective Bargaining Agreements and amendments thereto of the Signatory Union Affiliates and the applicable employers association, if any, with the Signatory Union Affiliates with which it has a present bargaining relationship. If there has previously been no such bargaining relationship, the contractor or subcontractor shall sign and be bound to all such agreements with Signatory Union Affiliates as outlined in the scope of work in the required pre-job conference. Such agreements are incorporated herein by reference. In order to comply with the requirements of the various fringe benefit funds to which the Contractor is to contribute, the Contractor shall sign such participation agreements as are necessary and will honor the fringe benefit collection procedures as required by the Collective Bargaining Agreement with the Signatory Union Affiliate.

1.4 The Contractor and the Union agree that should the Collective Bargaining Agreement (CBA) of any Signatory Union Affiliate expire prior to the completion of this project, the expired contracts' terms will be maintained until a new CBA is ratified. The wages, and fringe benefits included in any new CBA will be effective on the effective date of the newly negotiated CBA unless wage and fringe benefit retroactivity is agreed upon by the bargaining parties.

1.5 Nothing contained herein shall be construed to prohibit, restrict or interfere with the performance of any other operation work, or function which may occur at the Project site or be associated with the development of the Project.

1.6 This Agreement shall only be binding on the signatory parties hereto and shall not apply to their parents, affiliates, subsidiaries, or Non-Signatory Union Affiliates.

1.7 The Owner and/or the Project Contractor have the absolute right to select any qualified bidder for the award of contracts on this Project without reference to the existence or nonexistence of any agreements between such bidder and any party to this Agreement; provided, however, only that such bidder is willing, ready and able to become a party to and comply with this Project Agreement, should it be designated the successful bidder.

1.8 Items specifically excluded from the scope of this Agreement include but are not limited to the following: [list all items to be excluded].

1.9 The provisions of this Project Agreement shall not apply to SIUE (Owner), and nothing contained herein shall be construed to prohibit or restrict SIUE (Owner) or its employees from performing work not covered by this Project Agreement on the Project site. As areas and systems of the Project are inspected and construction tested by the Project Contractor or Contractors and accepted by the Owner, the Project Agreement will not have further force or effect on such items or areas, except when the Project Contractor or Contractors are directed by the Owner to engage in repairs, modifications, check-out, and warranty functions required by its contract with the Owner during the term of this Agreement.

1.10 It is understood that the Owner, at its sole option, may terminate, delay and/or suspend any or all portions of the Project at any time.

1.11 It is understood that the liability of any employer and the liability of a Signatory Union Affiliate and the SIBTC under this Agreement shall be several and not joint. Provided that the SIBTC or a Signatory Union Affiliate comply with their own obligations under this Agreement, the SIBTC and non-breaching Signatory Union Affiliates will not be liable for a breach of this Agreement by a breaching Signatory Union Affiliate or any action taken by a Non-Signatory Union Affiliate. The Union agrees that this Agreement does not have the effect of creating any joint employer status between or among the Owner, Contractor(s) or any employer.

1.12 Each affiliate union of the SIBTC representing employees engaged in construction work covered by this Agreement shall be requested to sign the "Union Letter of Assent", in the form attached hereto; provided, that the failure of any affiliate union to sign such Union Letter of Assent prior to commencement of construction work shall not diminish the applicability of this Agreement to the SIBTC and the union affiliates which have signed a Union Letter of Assent. Affiliates unions that have signed the Union Letter of Assent will be referred to as "Signatory Union Affiliates" and affiliate unions that have not signed the Union Letter of Assent will be referred to as "Non-Signatory Union Affiliates."

## **ARTICLE II - RECOGNITION**

2.1 The Contractor recognizes the SIBTC and the Signatory Union Affiliates as the sole and exclusive bargaining representatives for its craft employees employed on the job site. Signatory Union Affiliates will have recognition on the project for their craft.

## **ARTICLE III - ADMINISTRATION OF AGREEMENT**

3.1 In order to assure that all parties have a clear understanding of the Agreement, to promote harmony and address potential problems, a pre-job conference will be held with the Contractor, SIBTC Representatives and all signatory parties prior to the start of any work on the project.

3.2 Representatives of the Contractor and the Union shall meet as required but not less than once a month to review the operation of this Agreement. The representatives at this meeting shall be empowered to resolve any dispute over the intent and application of the Agreement.

3.3 The Contractor shall make available in writing to the Union no less than one week prior to these meetings a job status report, planned activities for the next 30 day period, actual numbers of craft employees on the project and estimated numbers of employees by craft required for the next 30 day period. The purpose of this report is to allow time to address any potential jurisdictional problems and to ensure that no party signatory to the Agreement is hindering the continuous progress of the project through a lack of planning or shortage of manpower.

## **ARTICLE IV - HOURS OF WORK OVERTIME SHIFTS & HOLIDAYS**

4.1 The standard work day shall be an established consecutive eight (8) hour period between the hours of 7:00 a.m. and 5:00 p.m. with one-half hour designated as unpaid period for lunch. The standard work week shall be five (5) consecutive days of work commencing on Monday. Starting time which is to be established at the pre-job conference will be applicable to all craft employees on the project. Should job conditions dictate a change in the established starting time and/or a staggered lunch period on certain work of the project or with individual crafts, the Contractor, Business Managers of the Signatory Union Affiliates involved and the SIBTC shall mutually agree to such changes. If work schedule change cannot be mutually agreed to between these parties, the hours fixed in the Agreement shall prevail.

4.2 All time before and after the established work day of eight (8) hours, Monday through Friday and all time on Saturday shall be paid in accordance with each crafts current collective bargaining agreement. All time on Sundays and Holidays shall be paid for at the rate of double time.

(a) Fringe benefit payments for all overtime work shall be paid in accordance with each Signatory Union Affiliate=s current Collective Bargaining Agreement.

## **ARTICLE V - ABSENTEEISM**

5.1 The Contractor and the Union agree that chronic and/or unexcused absenteeism is undesirable and must be controlled. Employees that develop a record of such absenteeism shall be identified by the Contractor to the appropriate referral facility and the Contractor shall support such action with the work record of the involved employee. Any employee terminated for such absenteeism shall not be eligible for rehire on the project for a period of no less than ninety (90) days.

## **ARTICLE VI-MANAGEMENT RIGHTS**

6.1 The Contractor retains and shall exercise full and exclusive authority and responsibility for the management of its operations, except as expressly limited by the terms of this Agreement and the collective bargaining agreements of the Signatory Union Affiliates.

## **ARTICLE VII - GENERAL WORKING CONDITIONS**

7.1 Employment begins and ends at the project site, to be determined at the Pre-Job Conference.

7.2 Employees shall be at their place of work at the starting time and shall remain at their place of work until quitting time. The parties reaffirm their policy of a fair day's work for a fair day's pay.

7.3 The Contractor may utilize brassing, or other systems to check employees in and out. Should such procedures be required, the techniques and rules regarding such procedures shall be established by mutual consent of the parties at the pre-job conference.

7.4 There shall be no limit on production by workmen nor restrictions on the full use of tools or equipment. Craftsmen using tools shall perform any work of their trade and shall work under the direction of the craft foreman. There shall be no restrictions on efficient use of manpower other than as may be required by safety regulations.

7.5 Crew Foreman shall be utilized as per the existing collective bargaining agreements. The Contractor agrees to allow crew foremen ample time to direct and supervise their crew. The Union agrees there will be no restrictions placed on crew foreman's ability to handle tools and materials.

7.6 The Contractor may utilize the most efficient methods or techniques of construction, tools or other labor saving devices to accomplish the work. Practices not a part of the terms and conditions of this Agreement will not be recognized.

7.7 Should overtime work be required, the Contractor will have the right to assign specific employees and/or crews to perform such overtime work as is necessary to accomplish the work.

7.8 The Contractor may establish such reasonable project rules as the Contractor deems appropriate. These rules will be reviewed and established at the pre-job conference and posted at the project site by the Contractor.

7.9 It is recognized that specialized or unusual equipment may be installed on the project and in such cases, the Union recognizes the right of the Contractor to involve the equipment supplier or vendor's personnel in supervising the setting of the equipment, making modifications and final alignment which may be necessary prior to and during the start-up procedure, in order to protect factory warranties.

7.10 In order to promote a harmonious relationship between the equipment or vendor's personnel and the Building Trades craftsmen, a meeting shall be held between the Contractor and the Unions prior to any involvement on the project by these personnel. The Contractor will inform the Union of the nature of involvement by these personnel and the numbers of personnel to be involved, allowing ample time for the Union representatives to inform their stewards prior to the start of any work.

Nothing in this Agreement will make the SIBTC or any of its affiliates liable to any employees or to other persons in the event that injury or accident occurs.

## **ARTICLE IX - SUBCONTRACTING**

9.1 The Project Contractor agrees that neither it nor any of its contractors or subcontractors will subcontract any work to be done on the Project except to a person, firm or corporation who is or agrees to become party to this Agreement. Any contractor or subcontractor working on the Project shall, as a condition to working on said Project, become signatory to and perform all work under the terms of this Agreement.

## **ARTICLE X - UNION REPRESENTATION**

10.1 Authorized representatives of the SIBTC and its Signatory Union Affiliates shall have access to the project provided they do not interfere with the work of the employees and further provided that such representatives fully comply with the visitor and security rules established for the project.

10.2 Each Signatory Union Affiliate shall have the right to designate a working journeyman as a steward. Such designated steward shall be a qualified worker performing the work of that craft and shall not exercise any supervisory functions. Each steward shall be concerned with the employees of the steward's employer and not with the employees of any other employer.

10.3 The working steward will be paid at the applicable wage rate for the job classification in which he is employed.

10.4 The working steward shall not be discriminated against because of his activities in performing his duties as steward, and except as otherwise provided in local agreements, shall be the last employee in his craft to be laid off in any reduction in force. Stewards will be subject to discharge to the same extent that other employees are only after notification to the Union Representative. The Contractor will permit stewards sufficient time to perform the duties inherent to a steward's responsibilities. Stewards will be offered available overtime work if qualified.

## **ARTICLE XI - DISPUTES AND GRIEVANCES**

11.1 This Agreement is intended to provide close cooperation between management and labor. Each of the Signatory Union Affiliates will assign a representative to this Project for the purpose of completing the construction of the Project economically, efficiently, continuously, and without interruptions, delays, or work stoppages.

11.2 The Contractors, Union, and the employees, collectively and individually, realize the importance to all parties to maintain continuous and uninterrupted performance of the work of the Project, and agree to resolve disputes in accordance with the grievance arbitration provisions set forth in this Article.

11.3 Any question or dispute arising out of and during the term of this Project Agreement (other than trade jurisdictional disputes) shall be considered a grievance and subject to resolution under the following procedures:

Step 1. (a) When any employee subject to the provisions of this Agreement feels he or she is aggrieved by a violation of this Agreement, he or she, through his or her local union business representative or job steward, shall, within five (5) working days after the occurrence of the violation, give notice to the work-site representative of the involved Contractor stating the provision(s) alleged to have been violated. The business representative of the local union or the job steward and the work-site representative of the involved Contractor and the Project Contractor shall meet and endeavor to adjust the matter within three (3) working days after timely notice has been given. The representative of the Contractor shall keep the meeting minutes and shall respond to the Union representative in writing (copying the Project Contractor) at the conclusion of the meeting but not later than twenty-four (24) hours thereafter. If they fail to resolve the matter within the prescribed period, the grieving party may, within forty-eight (48) hours thereafter, pursue Step 2 of the

Grievance Procedure, provided the grievance is reduced to writing, setting forth the relevant information concerning the alleged grievance, including a short description thereof, the date on which the grievance occurred, and the provision(s) of the Agreement alleged to have been violated.

(b) Should the Local Union(s) or the Project Contractor or any Contractor have a dispute with the other party and, if after conferring, a settlement is not reached within three (3) working days, the dispute may be reduced to writing and proceed to Step 2 in the same manner as outlined herein for the adjustment of an employee complaint.

Step 2. The International Union Representative and the involved Contractor shall meet within seven (7) working days of the referral of a dispute to this second step to arrive at a satisfactory settlement thereof. Meeting minutes shall be kept by the Contractor. If the parties fail to reach an agreement, the dispute may be appealed in writing in accordance with the provisions of Step 3 within seven (7) calendar days thereafter.

Step 3. (a) If the grievance has been submitted but not adjusted under Step 2, either party may request in writing, within seven (7) calendar days thereafter, that the grievance be submitted to an Arbitrator mutually agreed upon by them. The Contractor and the involved Union shall attempt mutually to select an arbitrator, but if they are unable to do so, they shall request the American Arbitration Association to provide them with a list of arbitrators from which the Arbitrator shall be selected. The rules of the American Arbitration Association shall govern the conduct of the arbitration hearing. The decision of the Arbitrator shall be formal and binding on all parties. The fee and expenses of such Arbitration shall be borne equally by the Contractor and the involved Local Union(s).

(b) Failure of the grieving party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the parties involved at the particular step where the extension is agreed upon. The Arbitrator shall have the authority to make decisions only on issues presented to him or her, and he or she shall not have authority to change, amend, add to or detract from any of the provisions of this Agreement.

11.4 The Project Contractor and Owner shall be notified of all action at Steps 2 and 3 and shall, upon their request, be permitted to participate in all proceedings at these steps.

## **ARTICLE XII - JURISDICTIONAL DISPUTES**

12.1 The assignment of work will be solely the responsibility of the Contractor performing the work involved, in accordance with applicable Collective Bargaining Agreements and past practices. To the extent that past practice is a factor in assigning work under the Project Labor Agreement, including assignments under any collective bargaining agreements to which any of the signatory contractors hereto may be a party, the practice to be applied shall be that followed within the geographical area encompassed by the Southwestern Illinois Building and Construction Trades Council. The practice followed in any other geographical area, even though a Union signatory to this Project Labor Agreement may also represent employees in that area shall not be a factor in the assignment. All jurisdictional disputes between or among Building and Construction Trades Unions and employees and the Contractor, parties to this Agreement, shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department or any other plan or method of procedure that may be adopted in the future by the Building and

Construction Trades Department. Decisions rendered shall be final, binding and conclusive on the Contractor and Union parties to this Agreement.

12.2 All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature and the Contractor's assignment shall be adhered to until the dispute is resolved. Individuals violating this section shall be subject to immediate discharge.

12.3 Each Contractor will conduct a pre-job conference with the appropriate Building and Construction Trades Council prior to commencing work. The Project Contractor and the Owner will be advised in advance of all such conferences and may participate if they wish.

### **ARTICLE XIII - WORK STOPPAGES AND LOCKOUTS**

13.1 During the term of this Agreement there shall be no strikes, picketing, work stoppages, slow downs or other disruptive activity for any reason by the SIBTC, its Signatory Union Affiliates or by any employee and there shall be no lockout by the Contractor. Failure of any Signatory Union Affiliate or employee to cross any picket line established at the project site is a violation of this Article.

13.2 The SIBTC and its Signatory Union Affiliates shall not sanction, aid or abet, encourage or continue any work stoppage, picketing or other disruptive activity and will not make any attempt of any kind to dissuade others from making deliveries to or performing services for or otherwise doing business with the Contractor at the project site. Should any of these prohibited activities occur, the SIBTC and the Signatory Union Affiliates will take the necessary action to end such prohibited activities.

13.3 No employee shall engage in any activities which violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of the project shall be subject to disciplinary action, including discharge, and if justifiably discharged for the above reasons, shall not be eligible for rehire on the same project for a period of not less than ninety (90) days.

13.4 Neither the SIBTC nor its Signatory Union Affiliates will be liable for acts of employees for whom it has no responsibility. The principal officer or officers of the SIBTC will immediately instruct order and use the best efforts of his office to cause Signatory Union Affiliates to cease any violations of this Article. The SIBTC in its compliance with this obligation shall not be liable for unauthorized acts of Signatory Union Affiliates or Non-Signatory Union Affiliates. The principal officer or officers of any involved Signatory Union Affiliate will immediately instruct, order or use the best effort of his office to cause the employees the union represents to cease any violations of this Article. A union complying with this obligation shall not be liable for unauthorized acts of employees it represents. The failure of the Contractor to exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

13.5 In lieu of any action at law or equity, any party shall institute the following procedure when a breach of this Article is alleged, after all involved parties have been notified of the fact.

- a. The party invoking this procedure shall notify a person whom the parties agree shall be the permanent arbitrator under this procedure. In the event the permanent arbitrator is unavailable at any time, he shall appoint his alternate. Notice to the arbitrator shall

be by the most expeditious means available, with notice by telegram or any effective written means to the party alleged to be in violation and all involved parties.

- b. Upon receipt of said notice the arbitrator named above shall set and hold a hearing within twenty-four (24) hours if it is contended the violation still exists but not before twenty-four (24) hours after the telegraph notice to all parties involved as required above.
- c. The Arbitrator shall notify the parties by telegram or any other effective written means, of the place and time he has chosen for this hearing. Said hearing shall be completed in one session. A failure of any party or parties to attend said hearing shall not delay the hearing of evidence or issuance of an Award by the Arbitrator.
- d. The sole issue at the hearing shall be whether or not a violation of this Article has in fact occurred. The Award shall be issued in writing within three (3) hours after the close of the hearing, and may be issued without an Opinion. If any party desires an Opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with, or enforcement of, the Award. The Arbitrator may order cessation of the violation of this Article, and such Award shall be served on all parties by hand or registered mail upon issuance.
- e. Such Award may be enforced by any court of competent jurisdiction upon the filing of the Agreement and all other relevant documents referred to herein above in the following manner. Telegraphic notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the Arbitrator's Award as issued under Section 13.5 of this Article, all parties waive the right to a hearing and agree that such proceedings may be *ex parte*. Such agreement does not waive any party's right to participate in a hearing for a final order of enforcement. The Court's order or orders enforcing the Arbitrator's Award shall be served on all parties by hand or by delivery to their last known address or by registered mail.
- f. Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance therewith are hereby waived by parties to whom they accrue.
- g. The fees and expenses of the Arbitrator shall be borne by the party or parties found in violation, or in the event no violation is found, such fees and expenses shall be borne by the moving party.

- h. If the Arbitrator determines in accordance with Section 13.5 that the SIBTC or a Signatory Union Affiliate has violated Article XIII, the SIBTC or the Signatory Union Affiliate shall, within eight (8) hours of receipt of this Award, direct all employees they represent at the project to immediately return to work. If the employees do not return to work at the beginning of the next regularly scheduled shift following receipt of the Arbitrator's Award, and the SIBTC or Signatory Union Affiliate have not complied with Section 13.4 above, then the SIBTC or the Signatory Union Affiliate which has not complied with Section 13.4 shall pay the sum of ten thousand dollars (\$10,000) as liquidated damages to the affected owner, and shall pay an additional ten thousand dollars (\$10,000) per shift for each shift thereafter on which the employees have not returned to work. The Arbitrator shall retain jurisdiction to determine compliance with this Section and Section 13.4, and to assess liquidated damages.

#### **ARTICLE XIV - GENERAL SAVINGS CLAUSE**

14.1 If any Article or provision of this Agreement shall be declared invalid, inoperative or unenforceable by operation of law or by any of the above mentioned tribunals of competent jurisdiction, the remainder of this Agreement or the application of such Article or provision to persons or circumstances other than those as to which it has been held invalid, inoperative or unenforceable shall not be affected thereby.

#### **ARTICLE XV - TERM OF AGREEMENT**

15.1 This Agreement shall be in full force as of and from the date of the Notice of Award to the Final Acceptance of all applicable contractors.

2. **This applies to individuals, sole proprietorships, partnerships and LLCs, but is not otherwise applicable.** Subcontractor is not in default on an educational loan (5 ILCS 385/3).
3. **This does not apply to contracts with the state universities.** Subcontractor (if an individual, sole proprietor, or partner) has informed the director of the Agency in writing if he/she was formerly employed by that agency and has received an early retirement incentive prior to 1993 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code, 40 ILCS 5/14-108.3 and 40 ILCS 5/16-133.3, and acknowledges that subcontracts made without the appropriate filing with the Auditor General are not payable from the "contractual services" or other appropriation line items. Subcontractor has not received an early retirement incentive on or after 2002 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code, 40 ILCS 5/14-108.3 and 40 ILCS 5/16-133.3, and acknowledges that subcontracts in violation of Section 15a of the State Finance Act are not payable from the "contractual services" or other appropriation line items (30 ILCS 105/15a).

5. **This applies to service subcontracts and is otherwise not applicable.** To the extent there was a incumbent Subcontractor providing the services covered by this subcontract and the employees of that Subcontractor that provide those services are covered by a collective bargaining agreement, Subcontractor certifies (i) that it will offer to assume the collective bargaining obligations of the prior employer, including any existing collective bargaining agreement with the bargaining representative of any existing collective bargaining unit or units performing substantially similar work to the services covered by the subcontract subject to its bid or offer; and (ii) that it shall offer employment to all employees currently employed in any existing bargaining unit performing substantially similar work that will be performed under this subcontract (30 ILCS 500/25-80).

18. **This applies to subcontracts that exceed \$10,000 (30 ILCS 582) and is otherwise not applicable.** Neither Subcontractor nor any substantially owned affiliate is participating or shall participate in an international boycott in violation of the U.S. Export Administration Act of 1979 or the applicable regulations of the U.S. Department of Commerce.

25. **This does not apply to contracts with the state universities.** Subcontractor warrants and certifies that it and, to the best of its knowledge, its subcontractors have and will comply with Executive Order No. 1 (2007). The Order generally prohibits Subcontractors and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities of the State, or any other unit of government in Illinois including local governments if that procurement may result in a contract valued at over \$50,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.
26. **This applies to information technology subcontracts and is otherwise not applicable.** In accordance with Public Act 095-0307, all information technology, including electronic information, software, systems and equipment, developed or provided under this subcontract must comply with the applicable requirements of the Illinois Information Technology Accessibility Act Standards as published at [www.dhs.state.il.us/iitaa](http://www.dhs.state.il.us/iitaa).

27. In compliance with Section 20-65 of the Illinois Procurement Code (30 ILCS 500/20-65), Subcontractor shall maintain books and records relating to the performance of the subcontract and necessary to support amounts charged to the State under the prime contract. Books and records, including information stored in databases or other computer systems, shall be maintained by the subcontractor for a period of three years from the later of final payment under the term of the subcontract or during the three year period thereafter. Books and records required to be maintained under this section shall be available for review or audit by representatives of the State, the Auditor General, the Executive Inspector General and other governmental entities with monitoring authority, upon reasonable notice and during normal business hours. Subcontractor shall cooperate fully with any such audit and with any investigation conducted by any of these entities. This includes, but is not limited to conflicts under the "Infrastructure Task Force Fee Prohibition" section of the State Finance Act (30 ILCS 105/8.40), Article 50 of the Illinois Procurement Code (30 ILCS 500/50), or those which may conflict in any manner with the Subcontractor's obligation under this subcontract. Subcontractor shall not employ any person with a conflict to perform under this subcontract. If any elected or appointed State officer or employee, or the spouse or minor child of same has any ownership or financial interest in the Subcontractor or the subcontract, Subcontractor certifies it has disclosed that information to the State if required, on forms provided by the State. Subcontractor further certifies that the procuring agency has provided proof of waiver and filing with the Secretary of State and the Comptroller in accordance with applicable law and rule. (The conflict of interest threshold of 60% of the Governor's salary set forth in Section 50-13 does not apply to elective office holders, legislators, and officers or employees of the Capital Development Board or the Illinois Toll Highway Authority.);
- b) the subcontract is with a firm, partnership, association or corporation in which a person referenced in a) above receives more than 7.5% of the total distributable income or an amount in excess of the salary of the Governor (currently \$177,412.00).
- c) the subcontract is with a firm, partnership, association or corporation in which a person referenced in b) above, together with their spouse or minor child, receives more than 15% in the aggregate of the total distributable income or an amount in excess of 2 times the salary of the Governor (currently \$354,824.00) from the firm, partnership, association or corporation.

Submit paper records to: SIUE, Attn: Roberto Canessa, SIUE Campus Architect, Campus Box 1039, Edwardsville, IL 62026

Submit electronic records (Word or PDF) to: Roberto Canessa [rcaness@siue.edu](mailto:rcaness@siue.edu).

Illinois state law requires all contractors working on University construction projects to submit certified payroll records to the University. The payroll records must include all workers employed by contractors on a University project.

Payroll records are to include: each worker's name, classification or classifications, hourly wage paid in each pay period, number of hours worked each day.

You must submit a certified payroll only for employees working on a University project.

## **What information do you have to supply?**

For each project, contractors and sub-contractors must submit:

- For each employee:
  - o Name
  - o Classification or classifications
  - o Hourly wages paid in each pay period
  - o The number of hours worked each day in the pay period
- A statement signed by the contractor or sub-contractor certifying that the records are true and accurate; that the hourly wage paid each worker is not less than the general prevailing wage rate; and that the contractor is aware that knowingly filing a false certified payroll is a misdemeanor crime.

**The University does not mandate that the information be provided in a certain way. The contractor must provide all the information required and must attach the University's cover sheet to each submittal.**

**You do not have to submit a certified payroll for all of your employees.** You must submit a certified payroll only for employees working on a University public works project. Existing state law defines these employees as: "Only such laborers, workers and mechanics as are directly employed by contractors or subcontractors in actual construction work on the site of the building or construction job, and laborers, workers and mechanics engaged in the transportation of materials and equipment to or from the site, but not including the transportation by sellers and suppliers or the manufacture or processing of materials or equipment, in the execution of any contract or contracts for public works shall be deemed to be employed upon public works."

**You do not have to submit the certified payrolls of your suppliers or their sub-contractors.** The legal definition of public works employees excludes the employees and subcontractors of suppliers and the manufacturers or processors of materials and equipment.

**Do sub-contractors submit their reports separately, or do prime contractors have to collect and submit the reports of all their sub-contractors?** It is the responsibility of each firm to submit certified payrolls every month. Prime contractors are not responsible for the submissions of sub-contractors. Prime contractors *may* collect certified payroll reports from their sub-contractors and submit them as one package if they so choose. These decisions should be made cooperatively by each prime contractor and sub-contractor.

**Failing to submit a certified payroll**, or knowingly filing a false payroll is a Class B misdemeanor, punishable by up to six months in jail. A general contractor is not liable for false information supplied by a sub-contractor unless he knowingly submit a false certified payroll submitted by a sub-contractor.

Under the law, the University will retain these certified payroll records for three years. Most of the information is considered public record and will be available through the Freedom of Information Act. An employee's address, telephone number and social security number will not be released by the University.

The law was signed and became effective on August 10, 2005.

This requirement was the subject of House Bill 188, which was approved by the General Assembly in May, 2005. The bill amends Chapter 820 of the Illinois Compiled Statutes, Section 130/5. The law can be found on-line by visiting [www.ilga.gov](http://www.ilga.gov) and going to the "bill search" page.

# **Southern Illinois University Edwardsville**

## **Emergency Management and Safety**

### *Contractor Safety Field Guide*

This Field Guide highlights key provisions in the Southern Illinois University Edwardsville Contractor Safety Handbook. All contractors must review the handbook before commencing work at SIUE. The handbook can be viewed on the Emergency Management and Safety (EM&S) website at <http://www.siu.edu/emergencymanagement/>.

#### **Site Safety Plan**

Prior to commencing work, the general contractor will request that all subcontractors develop a site safety plan for the job site. SIUE's EM&S department serves in an advisory role by issuing copies of this field guide during pre-construction and safety meetings, assisting contractors in the development of their site safety plans, and collaborating with the site supervisor on environmental and safety issues that may arise. Copies of the Site Safety Plan will be sent to the SIUE project manager.

#### **Tool Box Talks**

Contractors are strongly encouraged to conduct weekly safety tool box talks with their employees to discuss safe work practices.

#### **Job-Site Access and Protection Requirements**

During the pre-construction meeting, the SIUE project manager will discuss job-site access and protection requirements including the following:

- Contractors must comply with University parking and traffic requirements. The campus parking map is located at the following URL: <http://www.siu.edu/parking/>
- Fire access routes must be maintained free and clear of obstructions at all times.
- Cyclone fencing must be erected around the perimeter of the work site to secure areas for authorized personnel only. Silt fencing must also be erected around the perimeter of the work site to prevent soil erosion into waterways. Contractors must submit a storm water pollution prevention plan as specified in state and federal regulations when required.
- All individuals driving a vehicle on SIUE property must have a valid driver's license.
- The hours of operation for campus buildings can be found on the Facilities Management website at <http://www.siu.edu/facilities/>. Access to buildings outside of normal hours is subject to approval by the SIUE project manager.

In the event of an incident in which a worker requires medical attention to treat an injury, the Contractor must call 911. All work-related incidents must be immediately reported to the SIUE Project Manager and the University's Emergency Management and Safety department. Accidents in which result in a fatality or the hospitalization of three or more workers shall be verbally reported to OSHA's Fairview Heights office. If the office is closed, then call 1-800-321-OSHA. Whether or not an accident is immediately reportable, if it results in the death of an employee or the in-patient hospitalization of three or more employees within 30 working days of the incident, OSHA requires that the employer report the fatality/multiple hospitalization within 8 hours of learning of it.

## **Operations Requiring Permits or Notifications**

Certain activities and operations may require issuance of a permit or notification in accordance with state or federal regulations before work is authorized to commence. Such operations may include, but are not limited to:

- EPA NESHAP notification for asbestos removal or building demolition
- Hot work permit
- Impairment notification for impaired fire protection systems
- Confined space entry permit
- Removal and/or installation of aboveground or underground storage tanks

- Disturbance of land greater than 1 acre in size

## Explanations

### MADISON COUNTY

ELECTRICIANS AND ELECTRIC SYSTEMS TECHNICIAN (NORTHWEST) - Townships of Godfrey, Foster and Wood River, and the western one mile of Moro, Ft. Russell and Edwardsville, south to the north side of Hwy. 66 and west to the Mississippi River. This includes SIU-Edwardsville Dental Facility and Alton Mental Health Hospital.

ELECTRICIANS AND ELECTRIC SYSTEMS TECHNICIAN (SOUTHEAST) - Remainder of county not covered by ELECTRICIANS AND ELECTRIC SYSTEMS TECHNICIAN (NW) including SIU-Edwardsville Main Campus.

LABORERS (NORTHWEST) - That area northwest of a diagonal line running from the Mississippi River at the intersection of the waterway known as Wood River at Maple Island, northeast through the highway intersection of Illinois Routes 3 and 143 and following the boundary of Alton/East Alton, then preceding northeast to the county line at a point approximately one mile west of Illinois Route 159.

PLUMBERS AND PIPEFITTERS (SOUTH) - That part of the county South of a line between Mitchell and Highland including the town of Glen Carbon.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

### EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

### CERAMIC TILE FINISHER AND MARBLE FINISHER

The handling, at the building site, of all sand, cement, tile, marble or stone and all other materials that may be used and installed by [a] tile layer or marble mason. In addition, the grouting, cleaning, sealing, and mixing on the job site, and all other work as required in assisting the setter. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.
