2. Evaluation Process:

2.1 Evaluation: The University evaluates three categories of information: responsiveness, responsibility, and price. The University will consider the information provided in the response and the quality of that information when evaluating responses. If the University finds a failure or deficiency, the University may reject the response or reflect the failure or deficiency in the evaluation as appropriate.

The University will determine how well responses meet the Responsiveness requirements. They will rank responses, without consideration of Price, from best to least qualified using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation. Vendors who fail to meet minimum requirements or who receive fewer than the minimum required points will not be considered for Price evaluation and award. The maximum number of points possible is

\[ 500 = \text{Responsiveness (400)} + \text{Price (100)} \]

2.1.1 Responsiveness: A Vendor is considered responsive when they have submitted a response that conforms in all material respects to the solicitation and includes all required forms and signatures.

2.1.1.1 The University will determine whether the response complied with the instructions and other administrative requirements for submitting responses. Except for late submissions, and other requirements that by law must be part of the submission, the University may require that a Vendor correct deficiencies as a condition of further evaluation.

2.1.1.2 The University will determine whether the response meets the stated requirements. Minor differences or deviations that have negligible impact on the suitability of the supply or service to meet the University’s needs may be accepted or corrections allowed.

2.1.1.3 When the specification calls for “Brand Name or Equal”, the brand name product is acceptable. Other products will be considered with proof the other product meets stated specifications and is equivalent to the brand product in terms of quality, performance and desired characteristics.

2.1.1.4 The chart below shows the elements of Responsiveness in point format and the maximum number of points available for each element. The total number of points available for Responsiveness is 100 Vendors who do not receive 60 of the total Responsiveness points need not be considered for Price evaluation and award.
Responsiveness Elements | Maximum # of Points Possible
--- | ---
Experience placing insurance coverage for academic healthcare institutions, and in Cook County, Illinois. | 120
Program Plan that shows ability to perform the scope of services requested, and fulfill reporting requirements as demonstrated in Section 5 the RFP. | 120
Resumes, qualifications, and experience of key personnel of the Broker | 80
Compliance with RFP specifications. | 40
Favorable recommendations from referenced clients where similar or like services are being or have been performed. | 40
Total Points | 400

2.1.2 Responsibility: A Vendor is considered responsible when it has the capability in all respects to fully perform the contract requirements and have the integrity and reliability that will assure good faith performance. The University will determine whether the University can or should do business with a Vendor. The University may consider factors including, but not limited to political contributions, certifications, conflict of interest, financial disclosures, past performance in business or industry, references (including those found outside the solicitation), compliance with applicable laws, financial responsibility, insurability, equal opportunity compliance, payment of prevailing wages if required by law, capacity to produce or sources of supply, ability to provide required maintenance service or other matters relating to the Vendor’s probable ability to deliver in the quality and quantity within the time and price as specified in the solicitation.

2.1.3 Price: The total number of points for Price is 100 points. The University will determine Price points using the following formula:

\[
\text{Maximum Price Points} \times \frac{\text{Lowest Price}}{\text{Vendor’s Price}} = \text{Total Price Points}
\]

If the University does not consider the Price to be fair and reasonable, and negotiations fail to establish an acceptable Price, the University reserves the right to award to the next most qualified vendor with whom the university can negotiate a fair and reasonable price or cancel the solicitation and take appropriate action to meet the needs of the University. The University will determine whether the Price is fair and reasonable by considering the Price proposed, the Vendor’s qualifications, the Vendor’s reputation, all prices submitted, other known prices, the project budget and other relevant factors.

2.2 Award: The University is not obligated to award a contract pursuant to this solicitation. If the University issues an award, the award shall be made to the responsible vendor whose proposal is determined in writing to be the most advantageous to the University, taking into consideration the evaluation factors set forth in this solicitation and price.
2.2.1 The University will post a notice to the Bulletin identifying the most responsive and responsible vendor. Awards are not final until all protests are resolved. The notice extends the response firm time until the parties sign a contract or determine not to sign a contract. If negotiations do not result in an acceptable agreement, the University shall reject the response and may begin negotiations with another vendor.

2.2.2 Awarded Vendors must, at all times including during any resulting contract, have financial resources sufficient, in the opinion of the University, to ensure performance of the contract. Vendor must provide proof upon request. The University may require a performance bond if, in the opinion of the University, it will ensure performance of the contract. The University may terminate the contract if the Vendor lacks the financial resources to perform under the contract.

If applicable, and as a condition of receiving payment, Vendor must pay its employees prevailing wages in the locality in which the work is to be performed. If federal funds are used to pay contract costs, the Vendor and its subcontractors must retain its records for a minimum of five years after completion of work. Books and records required to be maintained under this section shall be available for review or audit by representatives of: the University, the Auditor General, the Executive Inspector General, the Chief Procurement Officer, State of Illinois internal auditors or other governmental entities with monitoring authority, upon reasonable notice and during normal business hours. The Vendor or subcontractors shall not impose a charge for audit or examination of the Vendor’s books and records (30 ILCS 500/20-65).

No confidential data collected, maintained, or used in the course of performance of the contract shall be disseminated except as authorized by law and with the written consent of the disclosing Party, either during the period of the contract or thereafter. The receiving Party must return any and all confidential data collected, maintained, created or used in the course of the performance of the contract, in whatever form it is maintained, promptly at the end of the contract, or earlier at the request of the disclosing Party, or notify the disclosing Party in writing of its destruction. The foregoing obligations shall not apply to confidential data or information lawfully in the receiving Party’s possession prior to its acquisition from the disclosing Party that were received in good faith from a third-party not subject to any confidentiality obligation to the disclosing Party; that is now or later becomes publicly known through no breach of confidentiality obligation by the receiving Party; or is independently developed by the receiving Party without the use or benefit of the disclosing Party’s confidential information.
7.8 **Freedom of Information Act:** This solicitation and any resulting contract and all related public records maintained by, provided to, or required to be provided to the University are subject to the Illinois Freedom of Information Act notwithstanding any provision to the contrary that may be found in the resulting contract. Neither Party shall be liable for incidental, special, consequential or punitive damages.

7.11 **Insurance:** Vendor shall, at all times during the term and any renewals, maintain and provide upon request a Certificate of Insurance naming the University and its Board of Trustees as additional insured for all required bonds and insurance. Subcontractors will be subject to the same insurance requirements except the Professional Liability requirement will be $2,000,000 if applicable.

7.12 **Independent Contractor:** Vendor shall act as an independent contractor and not an agent or employee of the University.

7.13 **Solicitation and Employment:** Vendor shall not employ any person employed by the University during the term of any resulting contract to perform any work under the contract. Vendor shall give notice immediately to the University’s president or designee if Vendor solicits or intends to solicit University employees to perform any work under any resulting contract.

7.14 **Background Check:** Whenever the University deems it reasonably necessary for security reasons, the University may require background checks of Vendor’s and subcontractor’s officers, employees or agents. Vendor or subcontractor shall reassign immediately any such individual who, in the opinion of the University, does not pass the background checks.

7.15 **Applicable Law:** Any resulting contract shall be construed in accordance with and is subject to the laws and rules of the State of Illinois. 7.18 **Contractual Authority:** The University that signs the resulting contract shall be the only State entity responsible for performance and payment under the contract. If the Chief Procurement Officer, State Purchasing Officer, or authorized designee approves the contract prior to execution by a university, he/she does so as approving officer and shall have no liability, personal or otherwise, to Vendor.

7.19 **Notices:** Notices and other communications shall be given in writing by registered or certified mail with return receipt requested, by receipted hand delivery, or by courier (UPS, Federal Express or other similar and reliable carrier) showing the date and time of successful receipt. Each such notice shall be deemed to have been provided at the time it is actually received. By giving notice, either Party may change the contact information.

7.20 **Modifications and Survival:** Amendments, modifications and waivers must be in writing and signed by authorized representatives of the Parties. Any provision of this solicitation and any resulting contract officially declared void, unenforceable, or against public policy, shall be ignored and the remaining provisions shall be interpreted, to the extent possible, to give effect to the Parties’ intent. All provisions that by their nature would be expected to survive, shall survive termination.

7.21 **Performance Record / Suspension:** Upon request of the University, Vendor shall meet to discuss performance or provide contract performance updates to help ensure proper performance of the contract. The University may consider Vendor’s performance under any resulting contract and compliance with law and rule to determine whether to continue the contract, whether to suspend Vendor from doing future business with the University for a specified period of time, or to determine whether Vendor can be considered responsible on specific future contract opportunities.

7.22 **Schedule of Work:** Any work performed on University premises shall be done during the hours designated by the University and performed in a manner that does not interfere with the University, its personnel, or related operations.

These warranties shall be in addition to all other warranties, express, implied, or statutory, and shall survive the University’s payment, acceptance, inspection, or failure to inspect the supplies.

7.23.3 Vendor warrants that all services will be performed to meet the requirements of the contract in an efficient and effective manner by trained and competent personnel.
